The bad weather stops TORX®

Because of the **severe weather conditions**, with strong wind, snow and storms, to ensure safety conditions for the athletes **TOR330 - Tor des Géants®** and **TOR450 - Tor des Glaciers** have been stopped, while **TOR30 - Passage au Malatrà** has been cancelled.

The extremely unfavorable weather conditions of the night made **the Cols of Saint Rhémy, Des Ceingles and Malatrà impassable**. All runners will be evacuated from the organization's vehicles to Courmayeur.

As for the TOR330, athletes who have reached **Saint-Rhémy-en-Bosses** within 136 hours of the race (2am this morning for the first starting wave, 4am for the second) or who arrived at **Rifugio Frassati** will be considered finishers. For the TOR450 the runners who arrive at the Hotel Italia will be considered finishers.
